*Grower-owned and controlled processor

## Definitions:

Marketers: Plants making paste for the main purpose of selling it to another party
Remanufacturers: Plants making paste for use internally

## Annual Tomato Paste Processing Capacity

(Short Tons/Hour)

Definitions:
Self-Manufacturers: Companies that make paste predominantly for internal uses
Private: Privately held companies that sell paste on the open market
Grower. Grower-owned companies that sell paste on the open market

(Per Pound of Tomato Paste Equivalent)

## 2019 Processing Capacities by Factory and Sourcing Regions

In 1970 Chris Rufer began Morning Star as a one-truck owner-operator, hauling tomatoes from fields to canneries. Since 1970, Morning Star has grown into the largest tomato processor in the world, processing around $30 \%$ of California's processed tomato tonnage. Years of dedication to quality, customer service, and technological innovations have allowed us to become the industry leader in the processed tomato market.

## Williams, California

Built in 1995
Processing capacity: 1,353 tons/hour
31\% Equivalent tomato paste
443,565 Pounds/hour
Annual potential production of paste approximately $\mathbf{8 0 0} \mathbf{~ m i l}$ pounds

## Los Banos, California

Built in 1990
Processing capacity: $\mathbf{6 6 5}$ tons/hour
31\% Equivalent tomato paste
217,932 Pounds/hour
Annual potential production of paste approximately $\mathbf{4 5 0} \mathbf{~ m i l}$ pounds

Santa Nella, California (Liberty Packing Co.)
Purchased and rebuilt in 2002
Processing capacity: $\mathbf{1 , 1 9 6}$ tons/hour Conventional: 706 paste | 230 diced
Organic: 200 paste | 60 diced
31\% Equivalent tomato paste
320,000 Pounds/hour
Annual potential production of paste approximately $\mathbf{6 5 0} \mathbf{~ m i l}$ pounds
Annual potential production of diced approximately $\mathbf{5 0 0} \mathbf{~ m i l}$ pounds

## Products you can rely on.

In addition to traditional ingredient products, we also offer organic products, green tomato products, chili sauce, custom formulated tomato products, high-fiber tomato pulp, tomato pomace, foodservice and retail pouched and canned tomatoes, as well as several additional R\&D products.

## Products.

Hot Break Paste (31\% NTSS)
Cold Break Paste ( $37 \%$ and $37 \%$ NTSS)
Diced (3/8" to $7^{\prime \prime}$ cut)
Fire Roasted Diced ( $1 / 2^{\prime \prime}$ to $3 / 4^{\prime \prime}$ cut)
Concentrated Crushed ( $26 \%$ and $28 \%$ NTSS)
Ground in Puree
Puree (1.07)
